-

Specific responsibilities and tasks

Achievement

Achievement at all Key Stages and in all courses is effectively monitored and areas of weakness are identified and addressed

- Responsibility for subject tracking systems across all key stages
- Responsibility for internal system of progress reporting to faculty meetings by post holders /teachers
- Responsibility for system for identification of student cause for concern

- Responsibility for system for identification of more general concerns
- Responsibility for evaluating prior attainment of students on entry (with additional 'setting' test if required)
- Responsibility for ensuring students setting arrangements are effectively set up and sustained

Achievement is outstanding at all key stages

- Identify areas of underperformance and ensure improvement plans drawn up and delivered
- Agree and monitor intervention strategies for individuals / cohorts where appropriate
- Lead / Manage interventions as required (at individual or group level)

Teaching

Curriculum and assessment frameworks are clear and support outstanding progression

- Review and maintain the curriculum framework for the subject at all key stages and for all Chemistry pathways
- Liaise with the Head of Department over proposed course changes
- Provide training and support for staff teams in the context of curriculum change or development
- Provide training and support for staff teams in lesson and curriculum planning
- Ensure all unit overviews are clear and use the consistent Copia formats to provide an appropriate framework for the design of outstanding lessons
- Ensure that there are schemes of work in place for each key stage
- Agree the strategy for the development of resources (including use of Copia, additional online resources and text books as appropriate)
- Ensure that the lesson power-points and other teaching and learning resources are available on Copia in the consistent format (including differentiated learning outcomes, lesson prep, consistent visual clues for AFL etc.)
- Ensure Copia for the department is well utilised to support students of all abilities to make progress and develop effective independent learning behaviour

All staff are confident and consistent in the delivery of good and outstanding lessons

- Ensure curriculum and teaching and learning policies for the department are in place and well understood by staff teams
- Ensure good practice guidance/exemplars in relation to teaching and learning are shared
- Develop a culture of sharing best practice in teaching and learning
- Support the Head of Department in leading the programme of lesson observations (including department lesson looks /paired observations and performance management observations)
- Audit the quality of delivery via work scrutiny, formal and informal reviews
- Contribute to the training programmes for staff as appropriate (department level and Whole School)

Learning behaviour within the department is outstanding

- Undertake routine monitoring of learning via formal measures (e.g. work scrutiny/book looks) and casual monitoring (checks on student planners etc.)
- Ensure Whole School policy on lesson prep and homework is consistently and effectively used
- Ensure department team is confident and consistent in their use of formative and summative assessment
- Ensure self-assessment and review is fully integrated into schemes of work
- Students make highly effective use of self-assessment and manage their own learning to the highest standard

Behaviour

Student conduct and learning behaviour within the department is uniformly good

- Agree subject behaviour policy (in line with whole school policy) and ensure it is consistently used
- Support department post-holders in enforcing behaviour rules
- Monitor students' learning conduct and behaviour as a measure of their engagement with Chemistry
- Address issues in behaviour through modification to department systems and approaches (including to teaching and learning) and staff training

Leadership

There is a clear vision for the enjoyment and application of Chemistry

- Overall responsibility for subject development planning
- Development and management of the Chemistry wider learning offer
- Support and encourage students to progress to further and higher education or training in Chemistry related courses (including organisation of wider learning programmes support of students preparing for additional university tests)

Teachers within the subject are well supported to carry out their roles

- Overall responsibility for performance management of staff in Chemistry
- Undertake regular coaching and mentoring of teachers in Chemistry
- Ensure all teachers are confident and consistent in their use of subject-based systems
- Effective management of support staff (Teaching Assistants / technicians)
- Responsibility for all Health and Safety procedures

Other

All staff are expected to make a contribution to the wider life of the school (enrichment activities, clubs, trips and visits or support activities).

Mainscale job descriptions have been drawn up in line with the National Teachers Standards (DFE 2012); these also apply to all management post holders.

Key measures of success

- Public Examination results - Headline target figures (KS3, 4 and 5)
- % of students on target in internal / external assessments
- External Evaluation Systems (Alps and Alis at KS5 and Raise-online at KS4)
- Internal VA measures
- Uptake of Chemistry at KS5
- Progression of students to Chemistry related courses in Training, FE or HE
